

THE 5th COOPERATIVE PRINCIPLE

EDUCATION, TRAINING, AND INFORMATION

Cooperatives provide education and training for their members, elected representatives, managers, and employees so that they can contribute effectively to the development of their cooperatives. They inform the general public, particularly young people and opinion leaders, about the nature and benefits of cooperation.

5

SEPT - NOV 2019 COURSE PROGRAM

What can you expect?

For a cooperative to function properly, it is important that you as a member, representative, manager or employee have the right knowledge and skills. Many cooperatives therefore invest in training their people. However, standard courses often do not suffice here, because a cooperative enterprise functions differently from a "normal" enterprise on many points. Curaçao Cooperative Academy offers a series of courses that respond to this:

- ✓ Short and powerful: one, two or three days
- ✓ Specifically aimed at directors, members, managers or employees
- ✓ Small groups, up to 10 people
- ✓ Teachers who know cooperative practice

Who are these courses for?

Directors of cooperatives, members who aspire to become directors, members who want to make an active contribution to the development of their cooperative, managers and employees of cooperatives.
